Conservation Range Map Virtual Audit Request

Dear Conservation Stakeholder,

An ArcGIS Admin has started a virtual audit to approve a change to a conservation range map that you are a stakeholder in. Please visit the Tacare MapShare platform website to view a detailed map containing all the changes being made as part of this audit. You will also find an image below. If you feel the changes made are accurate to the best of your knowledge, approve this audit request by completing the signature.

If for any reason you find the changes to be incorrect or could use improvement, ignore this email and please submit a modification on the Tacare MapShare platform to improve this branch. Creating a modification will reset the virtual audit process.
